BULLETIN NO. 4

JULY 2019

Dear Scouts and Guides,

The European Jamboree offers an unique opportunity for young people from across Europe to unite in celebration of the values of Scouting & Guiding. After one year of preparation it is clear the European Jamboree 2020 will gather around 15,000 scouts and guides ready to take real actions.

Together with my colleagues from the Jamboree Executive Team we are working hard to prepare exciting and educational experience for young people. We are happy being supported by the Jamboree Advisory Group and our partners from the Host City – Gdańsk.

Gdańsk is waiting for young, energetic and enthusiastic leaders of the future Europe! During the Jamboree we will address challenges we are facing every day. We will not only discover our potentials and talents. We will act for real changes!

In the Bulletin you will find summarised information from the 2st Head of Contingent Meeting held in June 2019 with participation of almost 100 leaders. Since that meeting, we were busy to provide you with more details covering almost all areas of preparation for the Jamboree.

I would like to welcome contingents from the National Scouts Organisations WOSM and Member Organisations WAGGGS from outside of Europe. We are happy you decided to join us in this journey! Europe and Gdańsk for sure will be your home away of home!

Now, less than 13 months remain to the Opening Ceremony of the European Jamboree 2020. I wish you great adventure when you will work with your National Contingents. We will meet again very on the 3rd Head of Contingent Meeting in January/February 2020.

Yours in Scouting and Guiding,
Karol Gzyl
Jamboree Director

What is the Bulletin?

The purpose of the "European Jamboree Bulletins" is to provide National Scout Organisations of WOSM and Member Organisations of WAGGGS with the information they need to help prepare for the European Jamboree 2020. We have a couple of these bulletins planned throughout the lead-up to the Jamboree.

How to use these bulletins?

We would like to introduce a new approach to the European Jamboree Bulletins. Our aim is to provide you with one document which contains the consolidated key information about the European Jamboree so CMT do not have to search through several bulletins to find the information they need.

How are we going to do this?

- ▶ In every subsequent bulletin, new contents and information will be added to the contents already published in the previous bulletins. Starting with the next bulletin, to search for new content please look for the **black paragraphs**. To remind yourself about information already given, please look for the **grey paragraphs**.
- ▶ Updates. If there is a need to update information already provided in the previous bulletins, changed paragraphs will be ~~struck through~~, corrected and marked with a pictogram alerting you to the change.

Distribution

These bulletins are sent out to all appointed Head of Contingents and our expectation is that you will distribute this information to your participants. The bulletins are also published on the official EJ2020 website www.ej2020.org and uploaded to the EJ2020 Contingent SharePoint (access is provided only to registered Contingents). If you do not have an account yet, please contact us via info@ej2020.org.

Other sources of information for CMT members

In addition to the bulletins, there are three other main ways of finding information: the website (ej2020.org), EJ2020 Contingent SharePoint and thematic Circulars which are distributed in a similar way to bulletins. If you cannot find the information you are looking for, please do not hesitate to send your question to info@ej2020.org. We also encourage all Contingents to participate in the Head of Contingent Meetings.

Jamboree Overview

Date

27th July to 6th August 2020

The European Jamboree will begin on 27th July 2020 and will last until the Closing Ceremony on 6th August. Please note that the Closing Ceremony will take place in the evening, so all Contingents are asked to plan their departures for the 7th August 2020.

International Service Team members should plan to arrive two days prior to the first day of the Jamboree – on 25th July 2020, and depart two days after the Jamboree ends – on 8th August 2020. Please note that some roles may require earlier arrival (e.g. the ones connected with the site construction).

Participation

Each country attending the European Jamboree organises and sends a National Contingent, comprised of all registered participants and IST members from that country. This means that individuals or small groups of Scouts or Guides cannot register directly with the Jamboree organizing team, but have to register via their National Scout Organisations of WOSM (NSO) or Member Organisations of WAGGGS (MO) instead.

Both National Scouts Organisations of WOSM and/or Member Organisations of WAGGGS are eligible to register Contingents for the European Jamboree 2020. As a general rule, only one Contingent per country is permitted. In case of a separate WOSM NSO and WAGGGS MO it is allowed to register two Contingents per country. Each National Scout Organisation and Member Organisation is responsible for all members of its Contingent.

Participants

All Scouts and Guides aged between 14 to 18 (Scouts and Guides born on and after 28th of July 2002 and no later than in 2006) are welcome to participate in the European Jamboree 2020.

There are no limits when it comes to the number of participants from one NSO/MO, although the maximum number of participants and IST members that European Jamboree Organizers are able to accommodate is 20 000 people, and therefore Organizers reserve the right to deny registering new patrols if that number will be exceeded.

Contingent Management Team (CMT)

Organising and running a successful Jamboree Contingent is a demanding job. Each NSO/MO is required to appoint a Contingent Management Team (CMT). The CMT is responsible for its respective contingent and its participants.

The CMT will not sleep or be accommodated with the participants, but in a separate adult subcamp instead. CMT members pay the IST fee to attend the European Jamboree. Each CMT will have a chance to organise its headquarters on the Jamboree site.

There are no limits in the number of leaders in the CMT from one NSO/MO. The reason of establishing CMT is to have a team responsible for the organisation and management of Contingent. Therefore, NSOs/MOs wishing to register only CMT members with no youth participants or IST, or with the number of CMT members exceeding total number of participants and IST, will not be accepted.

International Service Team (IST)

In order to make a Jamboree happen, a significant number of adults are needed to serve on the International Service Team (IST). The IST is made up of volunteers who assist in running the Jamboree, and is composed of local and international Scouts and Guides.

Scouts and Guides who are at least 18 years old on the first day of the Jamboree (born on or before 27th of July 2002) are welcome to join the IST. IST members should be able to communicate in English and be ready to perform any tasks necessary for the Jamboree. In addition, they must attend the Jamboree as part of a national Contingent.

The IST will be accommodated in the separate adult subcamp.

NSOs and MOs are encouraged to include as many adults in their IST as possible.

To run a successful Jamboree 2 IST members are needed for every 10 participants. Help us make an excellent European Jamboree and make sure IST members are an important part of your Contingent!

European Jamboree Organisation

The European Jamboree 2020 is hosted by The Polish Scouting and Guiding Association (ZHP) and supported by the European Scout Region WOSM and Europe Region WAGGGS. In order to plan, prepare, deliver, run and evaluate the Jamboree, the Host Organisation has appointed the **Jamboree Executive Team**.

The Jamboree Executive Team is supported by the **Jamboree Advisory Group** – consisting of representatives from WOSM, WAGGGS and the European Scout Foundation.

Those involved in planning and preparing for the European Jamboree are included in the **Jamboree Planning Team (JPT)**. The European Jamboree organisers welcome international Scouts and Guides as members of the JPT. Adults interested in the event should be experienced volunteers with skills necessary for the planning and execution of the Jamboree. Their participation must be approved by their respective NSO/MO. Recruitment of international volunteers for the JPT was opened in July 2018 – those who are interested should follow the Jamboree website for open calls.

Units, Patrols and their Leadership Teams

The European Jamboree unit size is 36 young people and 4 adult leaders. The unit should be organised into 4 patrols of 9 young people. If a Contingent does not have enough patrols to form a complete unit, it will be joined with patrols from other countries to form a unit. Each patrol in a combined unit must provide one adult leader. Please note, that in the registration process, smaller (incomplete) patrols will not be accepted. A full patrol is always 10 persons. It is allowed to have 2 adult leaders per one patrol if there is a Scout/Guide with special needs (in this case a patrol consist of 8 Scouts/Guides + 2 adult leaders).

The Unit Leadership Team (4 adult patrol leaders) is one of the most important factors in creating a good experience for all participants attending the Jamboree. We count on the Unit Leadership Team to make sure that every participant has a valuable experience that is safe, exciting and educational.

Below you can find some examples of the Unit Leadership Team role:

Information and contacts

- ▶ Be the first point of contact and cooperate with the Subcamp Management Team at all times.
- ▶ Attend daily subcamp meetings.
- ▶ Take responsibility for sharing all necessary information with the unit.

Practical issues

- ▶ Accompany the unit to and from the Jamboree.
- ▶ Have a daily meeting with the unit.
- ▶ Receive tasks from the subcamp leaders and pass them on to the unit.
- ▶ Inform the participants of tasks and see that they are carried out.
- ▶ Know how to handle a fire blanket, extinguish small fires and how to perform first aid.
- ▶ Check that patrol tents, equipment and tent areas are kept neat and tidy.

Health and morale

- ▶ Take responsibility for the health, safety, and spirit of the unit.
- ▶ Actively encourage all participants to meet new friends.
- ▶ Be responsible at all times for proper behaviour and conduct of the members of the unit.
- ▶ Make sure that participants understand the Jamboree rules and any unit rules they may have agreed on before the Jamboree.
- ▶ Ensure that participants eat a well-balanced diet and supervise the cooking.

Useful facts about the European Jamboree

- ▶ The official languages of the Jamboree are English and French, although please note the main working language will be English.
- ▶ The European Jamboree is a substance-free event. This means that beer, wine, spirits, or other intoxicants will not be sold during the Jamboree. Consumption or possession of such substances is also prohibited. This rule apply both to youth participants and adults.
- ▶ Organised Home Hospitality will not be available before or after the European Jamboree.

Jamboree Programme

Main Theme

##

We have one simple call for you – ACT!

Imagine Scouts and Guides not only talking about change, imagine Scouts and Guides joining the European Jamboree to ACT.

The programme will be based on three pillars:

1. "Every Scout and Guide possesses potential to become a driver of social change. So come to the Jamboree to **WAKE UP** and discover your power! You will **interACT** with Scouts and Guides of various cultures, various languages and various countries."
We want to **WAKE UP** Scouts and Guides and encourage them to challenge themselves, search for the skills they have and practice new ones. These elements of the programme will be based on **21st century skills**.
2. "Use your time at the Jamboree to **LOOK AROUND** (the Global Goals will guide you), to learn through adventures, eye-opening discussions, and inspiring workshops".
We want to look around carefully, so Scouts and Guides can gain the knowledge of exactly what is needed and be aware what to look for in their local communities and globally. This part of the programme will be based on the **Sustainable Development Goals**.
3. "Using your skills and knowing where the helping hand is needed, **ACT** and make a change in the society. **ACT wisely. ACT decisively.**" We want to encourage Scouts and Guides to be active, not to stay passive, **reACT** whenever it is needed. This part of the programme will be based on real **ACTION** of the Jamboree participants – the changemakers.

Symbolic framework

“

“Adventure awaits you. Press play!”

During the European Jamboree 2020 we will invite participants to take part in a game, starting before the Jamboree (with a pre-Jamboree task), to a grand finale during Closing Ceremony. The game will take place on the Island, surrounded by four elements: earth, air, water and fire, closer to nature. The main goal of all the activities during the modular programme, camp life (cleaning, cooking etc.), will be part of the game. Guiding us all to ensure the Jamboree is sustainable as possible and encouraging everyone to ACT for the climate.

GAME OVERVIEW

“The year is 2020, summer has arrived on the European Jamboree island. Warm sun beams are hiding behind the green horizon, the fresh sea breeze brings relief after a long day. You are admiring the beauty of nature. You would love it if future generations could enjoy the richness of the planet.

Our world consists of four elements: **earth** which brings goods, **water** that is crucial for all living creatures, clear **air** responsible for quality and **fire** representing energy but as well safety.

But planet is not in good condition. People are harming it. Different **ACTions** need to be taken before it will be too late to save the planet from ecological damages. The time to ACT has already begun.

If every person on the planet changes their habits it would make the difference. Will you help to save the planet and overcome further damages?”

GOAL OF THE GAME

Save the planet. Do everything in your power.

GAME BASIC RULES

- ▶ The more participants who take part in the game, the higher the chances of winning.
- ▶ The game has limited time.
- ▶ The game ends either with failure or success.

GAME PREPARATION

Pre-Jamboree Task – launch in Autumn 2019

Act Green

We would like to encourage every adult and youth participant of the European Jamboree to join our call for ACTION for the climate. As a generation we are facing last moment to ACT for our earth to prevent unstoppable changes in the environment. The European Jamboree in 2020 will be focused especially in calling young people to be ACTIVE citizens in this area, based on our three pillars:

All the programme components and Jamboree site will serve to:

- ▶ **spread the message of what** is the fight for the climate
- ▶ **explain when**
- ▶ **motivate why** to fight it
- ▶ **inspire how** to lead that fight.

We are convinced that we need to be an example not only in the scouting & guiding community, but more importantly in society as whole.

Educational goals

The educational goals for the European Jamboree 2020 are to:

- ▶ Build wide awareness of climate changes and inspire to **reACT every day in order to save the planet**
- ▶ Encourage Scouts & Guides to discover their **potential to be changemakers**.
- ▶ Raise awareness of global issues and responsibility for local communities; gain knowledge on how to **ACT as an active citizen of the world**.
- ▶ Build openness to other cultures and religions and support the **sense of brotherhood** to live in peace
- ▶ Learn how to embrace challenges, **develop self-reliance, build self-confidence** and spark the need for continuous **self-improvement**
- ▶ Raise awareness, develop skills and shape attitudes to achieve the **goals of the UN 2030 Agenda for Sustainable Development** through creating a learning environment for the future young leaders of local communities,
- ▶ Give the opportunity to experience a **unique adventure** on the Island of Sobieszewo.

Sobieszewo Island (Wyspa Sobieszewska)

About Gdańsk

Gdańsk is located in Pomerania, the northern region of Poland, on the Gulf of Gdańsk (the Baltic Sea). It is the sixth largest Polish city by population (over 570,000 people). Together with the neighbouring cities of Gdynia and Sopot, it makes up Tricity (Trójmiasto), which is the fourth largest metropolitan area in Poland (with a population of ca. 750,000).

Gdańsk boasts more than a thousand years of history and its identity has been influenced by various cultures through the ages. The city is regarded as the symbolic place of the breakout of World War II and the starting point of the fall of communism in Central Europe, a birthplace of the "Solidarity" movement. It is the site of numerous architectural monuments, as well as broad array of cultural and educational institutions. It is also the centre of maritime economy with a vast trading port.

About the Sobieszewo Island

Although Sobieszewo Island is a part of Gdansk, it has preserved its charming natural environment and is located away from the urban development areas. East of the city centre, it is nestled between the Vistula river delta and the Baltic Sea. It is a lowland area of high natural wealth.

The Jamboree Site is the island's central and southern farmland having 300 hectares of fields and meadows. What sets this area apart are the crisscrossing irrigation canals.

photo Weronika Malachowska

About the Jamboree Site

The Island, marked by its borders, is an obvious landmark – a place in space. It demonstrates a compromise of proximity to a major urban centre, convenient accessibility and transport means, with the closeness of nature. One of the strong points of this location is relatively dense accumulation of variety of natural habitats (meadows, forest, beaches, water) within a relatively small area. The northern borderline of the site is partially forested, and this is visible from the site itself. Similarly, the nearby coastal beaches and open fields and farmland are of a great potential

both in terms of programme and landscape itself.

However, the key factor for the urban development of the Jamboree Site at Sobieszewo Island is water, being at the core of its landscape. On one hand physiography of the Island is defined by its surroundings, including such symbols as the Vistula River or the Baltic Sea; but also, crossing the water surrounding it, the Island reflects a symbolic entrance to the Jamboree Site, making a clear distinction between the inside and the outside. Another crucial touchpoint for planning water presence in the urban and natural scenery of the Jamboree village is the network of irrigation canals crisscrossing the area. It defines its spatial form and deeply affects the 'urban' design patterns. The existing canals set natural space borderlines and the starting point to adapt design solutions enabling to praise the nature, yet preserving its unique, local character.

Setting linear components of the irrigation system regularly, makes for a structured criss-cross, may also facilitate spatial orientation and moving around the village. Choosing the way along one of the canals (given proper names, signposted and secured, and illuminated at night) we always reach one of the central areas of the site – the reference point we seek. Consequently, orientation around a new, yet unfamiliar area is no longer a problem, while the Jamboree gains its unique, distinctive spatial pattern.

Climate and weather for July and August

Sobieszewo Island is located in a transitional zone of warm temperate climate and proximity of the sea moderates the perceived temperature changes. An average high temperature is 21°C, a regular daily temperature is 17°C and an average humidity of 55% for July and August. Average precipitation days for both July and August are 7. The most common is light and moderate rain.

The International Service Team (IST) Experience

The International Service Team (IST) Experience is an exciting opportunity for adults who want to support the European Jamboree. Being a member of the IST is a chance to contribute to the Scouting and Guiding Movement and the development of young people. The IST Experience will also provide opportunities for leaders to develop their skills.

The IST will have a schedule of allocated work tasks as well as inspiring programme offers and other activities to attend in their free time. IST members are expected to work hard and help run the Jamboree. Nevertheless, they will also participate in the IST Experience programme. Therefore, there will be ceremonies and activities for the IST, just as there will be social time every day to spend with new and old friends. The IST Experience will be built on three pillars: Service, Free Time Activities (rest, personal development, fun) and Adventure.

Service

IST members are the ones who help make the Jamboree happen! A member of the International Service Team must be ready to take on any task that is needed to create the Jamboree. In their registration the IST will tell the Jamboree Planning Team what skills and qualifications they have and this information will be used to assign the roles available.

There **are** two categories of IST:

- ▶ IST allocated to service areas from the general list.
- ▶ A separate category of **pre-selected** IST (**Food House Staff, Evening Programme (Contingent's Input) and the Scoutcraft Module (Contingent's Input)**). Please note that there **are** limits set for the pre-selected IST specifically **working in the Evening Programme and Scoutcraft module**. Please be aware that Food Houses Contingent must agree the number of IST allocated to them with the Jamboree Planning Team (Food House Support Team).

The Jamboree Planning Team is currently working on work frameworks allowing well planned, effective work, as well as a welcoming, motivating and safe environment for all IST members.

All IST members will have to complete induction training for their specific area of work, as well as Safe from Harm training. During the Jamboree, the Planning Team will organise a space serving as an "IST Centre", where IST will have the opportunity to find answers to their questions, solve their problems or talk to Listening Ears.

photo Piotr Rodzoch

IST Training

All IST members are expected to complete the Safe from Harm online training course and a general IST online training session prior to their arrival. Upon arrival at the European Jamboree site, IST will receive on-site training. Those who have not taken the general IST online training will be able to take it on site upon arrival.

Free Time Activities

The IST Experience will provide opportunities for rest, having fun and self-development.

An important part of this is to give adult volunteers space for their personal development through inspiring programme activities and spaces planned and organised only for them. The programme will be divided into five areas of personal development:

- ✿ physical (e.g. morning yoga or evening zumba, fitness activities and other sport games, as well as eat healthy, be active workshops);
- ✿ intellectual (workshops during which ISTs will have a chance to learn new skills, develop their talents and creativity);
- ✿ emotional (Food Houses/cafes and chill-out zones or quiet areas will provide opportunities to interact with other adult volunteers, as well as a comfort space for individual leisure);
- ✿ social (parties or other cultural activities);
- ✿ spiritual (activities focused on exploring faiths, beliefs and attitudes that are meaningful to young people individually).

IST members will be asked to contribute to these activities so that they can share experiences and learn from each other. IST will also have a chance to take part in the Welcome & Farewell Party only for them. Please note that the scope of free time activities depends on the sufficient number of IST to both deliver the activities and fulfil other tasks.

photo: Matylda Hojnor

Adventure Programme

IST Adventure Programme will be an extra (additional) part of the programme that will give IST an opportunity to explore some parts of Poland and make friends in international groups of adult Scouts and Guides from all over Europe and around the world. **Places to participate in IST Adventure will be limited and will include an additional cost.**

Poland is a beautiful country where you can find amazing nature – mountains, lakes and forests, vibrant cities and charming villages. IST Adventure will propose a catalogue of various routes all over Poland made up of two or three days of activities. Some of them will be feats, some will be trips to interesting places. Participants will have a chance to go on a hike, kayaking, cycling or learn more about Polish culture traditions, food, history and of course its people.

Participants will have to make their own way to the route starting point on the indicated date and afterwards the Adventure Jamboree Planning Team will organise transport to the Jamboree site.

- ✿ The price will depend on the route and is not included in the Jamboree fee.
- ✿ IST Adventure routes will be organised between 20th and 24th of July 2020 (all IST members must arrive at the Jamboree site on 25th of July).
- ✿ Registration, together with the description of the IST Adventure routes, will be available on the <https://ej2020.org> website from November 2019 till February 2020. Anyone wishing to register for IST Adventure must be registered as IST member prior to that.
- ✿ IST Adventure is planned for maximum quarter of the total number of IST.

For any questions please contact IST Adventure Team at: istadventure@ej2020.org.

Please check Timeline to learn about the IST payment timeline!

Registration

Participants, Adult Patrol Leaders and CMT members Registration

All documents related to the participants, adult patrol leaders and CMT members registration can be found on the Contingents SharePoint (access restricted to CMT only). There you will find documents explaining registration and payment timelines and the registration system Marcato manuals, for each stage of the registration process. Please note that there are two different sets of documents, one for the European Contingents and one for Contingents from outside Europe (for National Scout Organisations/Member Organisations outside of The European Scout Region of WOSM and The Europe Region of WAGGGS).

International Service Team Registration

International Service Team registration was opened by the Circular no 2/2019 released on 18th May 2019 and all documents related to it can be found on the Contingents SharePoint (access restricted to CMT only). Information about becoming an IST member will be available as well on the <https://ej2020.org> webpage but we kindly remind you that link to the Registration form is available only through Contingents. We ask all the Contingents to distribute the Registration form link as widely as possible within their respective NSOs/MOs

We strongly encourage all Contingents to promote the possibility of becoming European Jamboree IST in their NSOs/MOs and to conduct a pre-event introductory programme for their IST members to ensure that it is a truly educational experience in the spirit of Scouting and Guiding for all those who attend as IST.

We encourage all the Contingents to check the Contingents SharePoint and read the documents uploaded there. Registration and payment timelines can be also found at the end of the Bulletin in the chapter "Timeline".

Subcamps

Units will be accommodated in subcamps, this is where the daily life of the participants will take place – where all the participants will begin and end their day. Subcamp will be the area where Scouts and Guides from different countries will be living together – camping, cooking, networking, talking and spending their free time. Each subcamp will be run by a **Subcamp**

Management Team, which will coordinate the daily life in the subcamp and support the units and their adult leaders. There will be a designated area (subcamp centre) where unit leaders will be invited to attend daily meetings and where information and updates will be available. The subcamp centre will serve the unit leaders as a support centre and point of information.

Port of Europe

Port of Europe will be the heart of the European Jamboree – this will be the plaza and the central part of the Jamboree village. In Port of Europe Contingents will have their national tents offering evening programme for participants and serving as an office (working) space for the CMT. Contingent Support Centre with its facilities will be located also there.

The chart below presents sizes of the tents and their basic equipment offered for the Contingents. Additionally, in each tent electric sockets will be installed (number of them depends on the size of the tent). Tent will also have lighting and WiFi. More space and/or equipment is available at an additional cost.

Sustainability at the Jamboree – Act Green

As one of main educational goals for the European Jamboree is to increase awareness of the UN Sustainable Development Goals and to encourage everyone to work towards them wisely and responsibly. We would like to make ACT GREEN to be the most important idea for all, who will participate in the event. ACT GREEN is an idea strongly connected to each of 17 Global Goals and it means encouraging everyone to live more sustainably and responsibly. Our biggest aim is for everyone to WAKE UP for them understand that there is no time to waste and that we have to start ACTING GREEN now. We would like our European Jamboree to be a space to create green habits – to ACT GREEN.

The ACT GREEN idea will encourage us to organise the European Jamboree to be as sustainable and eco as possible. This mean that we will undertake efforts to:

- ▶ reduce production of waste, usage of water and energy as much as possible
- ▶ involve the European Jamboree participants in pre-jamboree ACT GREEN tasks
- ▶ show every participant, IST and CMT member how small changes in our everyday life can make a big change to the whole world – we hope that there will be a lot of possibilities to build the knowledge and good habits during whole event
- ▶ inspire everyone to create the world we all live in to be a better and greener place!

Official entry points for the European Jamboree 2020 are:

Gdańsk Lech Wałęsa
International Airport (GDN)

Gdańsk Główny railway station

Gdynia ferry terminal

Amber Expo exhibition centre in Gdańsk,
which will also serve as a Jamboree
Check-In Centre & Accreditation Centre

Gdansk Lech Wałęsa International Airport (ICAO: EPGD, IATA: GDN) [Juliusza Słowackiego 200, 80-298 Gdańsk] is situated 10 kilometres from Gdansk city centre, close to the city ring road and next to the hub of main national roads and A1 highway. It is approximately a 30-minute drive to get there to/from the Jamboree site. Gdansk is the third largest airport in Poland boasting a convenient timetable of international flights to the key hubs in Europe. Among many others, the key operators from Gdansk airport include: Lufthansa, KLM Royal Dutch Airlines, LOT Polish Airlines, Finnair, Norwegian, SAS Scandinavian Airlines, SWISS, Ryanair and Wizz Air. Gdansk Lech Wałęsa Airport offers direct flight connections to 40 airports in Poland and Europe (plus charters), including international transit airports allowing convenient access from any place in the world.

Gdansk Główny railway station [Podwale Grodzkie 1, 80-895 Gdańsk] is situated 16 kilometres away from the Jamboree site, right in the city centre. Railway connections allow quick access to Gdansk from Polish cities and from abroad, mainly from: Germany, Czechia, Slovakia, Belarus, Russia and the Ukraine.

Gdynia ferry terminal is situated approximately 45 kilometres away from the Jamboree site. It offers ferry access, with frequent schedule of connections to the Baltic countries.

Amber Expo [Żaglowa 11, 80-560 Gdańsk] is situated in the northern part of the city of Gdańsk, just next to Stadion Energa, approximately 20 kilometres away from the Jamboree Site. It is likely to be accessed by heavy-traffic capacity roads leading to the A1 highway. Amber Expo is designed to host the Jamboree Check-In & Accreditation Centre. All persons wishing to access the Jamboree Site must check-in at the Amber Expo as an obligation.

Participants arriving by plane, train or ferry will be provided with transport by Jamboree buses or trains (JTS – Jamboree Transport System) first to the Check-In Centre at the Amber Expo and then by buses to the campsite. Transfer by Jamboree coaches and trains will be available only from assigned entry points.

Participants traveling by coaches should as well first check-in at the Amber Expo before further travelling to the campsite.

Practical Info:

- ▶ Only units or patrols might be checked-in at the Check-In Centre. Please note that checking-in of individuals is not possible. This rule does not apply to IST. We encourage Contingents to organize arrivals in such a way to allow checking-in of full units (not single patrols).
- ▶ All arriving patrols/units must be accompanied by their adult leaders.

Shipping goods to the Jamboree

It will be possible for the Contingents to ship goods (equipment and materials) to the Jamboree site prior to the European Jamboree. Contingents will need to provide the Jamboree organizers with information in advance, including the estimated time of arrival of shipped goods and a detailed description of the contents.

Further regulation on shipping goods will be presented in the further notices.

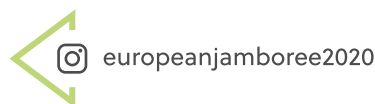

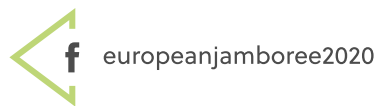

Vehicles and parking areas

The Jamboree site will be mainly traffic free with the exception of a limited number of JPT cars, emergency vehicles, transport for the people with disabilities, and service vehicles.

Parking of private cars will be available at the Amber Expo parking site for the whole period of the Jamboree free of charge. Contingents will be asked to book the number of needed parking places in advance. There will be no parking spots for private (including CMT) cars on the Jamboree site.

Jamboree Promotion

Official Channels

European Jamboree Design

The graphic design for the European Jamboree 2020 represents the key concept behind the event: including symbolic elements of Scouting and Guiding, nature, meeting places, outdoor activities, Poland, maritime, active citizenship, the Sustainable Development Goals with a special highlight on sustainable development and ecology.

The logo for the European Jamboree 2020 consists of triangles illustrating the sign of "play" which symbolize ACTing. It encourages the participants to ACT, engage and play according to the Sustainable Development Goals. The logo consists of also the WOSM and WAGGGS emblems as the European Jamboree 2020 is a joint event of Scout and Guide Movements.

Brand Resources

Brand resources, audiovisuals and photos for Contingents' communications are available on Sharepoint: <https://go.ej2020.org/sharepoint>. Few basic design elements are uploaded on the ej2020.org website as well.

Media relations

The European Jamboree 2020 is an opportunity to spread the message of Scouting and Guiding internationally and throughout Polish society, to market Scouting and Guiding to contribute to an increased number of members in the Movements and to improve the brands of Scouting and Guiding. To achieve this, there will be an international press centre at the Jamboree. This press centre will provide a workspace for visiting journalists.

Each Contingent is responsible for appointing a PR contact person to support media from their country. The PR contact persons will have access to the press centre to be able to support both visiting journalists as well as media back home with pictures and interviews with Scouts and Guides.

More detailed information about the registration for visiting journalists will be published in the further communication. PR contact persons that already require assistance or materials such as images or fact sheets can contact our Communications Department (info@ej2020.org).

Instagram Takeover

What is an Instagram EJ2020 takeover?

An Instagram takeover is the process of **taking the European Jamboree account temporarily and sharing content with the global audience** for a week. The goal of takeovers is to provide our followers with a behind-the-scenes look at the European Jamboree preparations in different countries, introduce our audience to your Contingent and of course to provide an opportunity to spread the message of Scouting and Guiding. The story should be fun, friendly, and educational, with a mix of photos, videos, boomerangs, etc. and some of your personal spice. You may share your Contingent's preparations for the Jamboree in Poland, promotional activities in your country, your daily Scouting and Guiding activities, best practices on how you ACT in your local communities, etc.

The takeover is offered only to registered Contingents.

How does it work?

If your Contingent decides to take part in this project, you should send an e-mail to info@ej2020.org with information about which week you would like to choose and what you intend to show. In reply you will receive all the technical guidelines and information. Takeover lasts for a week counted from Sunday (18.00) to Sunday (18.00).

National Sponsors and Partners

During the preparation for the European Jamboree many Contingents decide to enter into the cooperation and partnerships with private entities, public authorities and other NGOs. Below you can find some useful tips regarding establishing partnerships with partners and sponsors.

We recommend that the national partner/sponsor should be an entity:

- ▶ which respect WOSM's and WAGGGS' educational values
- ▶ which are leaders in exhibiting corporate social responsibility through policy and practice;
- ▶ which provide products and services related to the European Jamboree;
- ▶ which are committed to volunteer action:
- ▶ which promote responsible production, use and ultimate disposal of their products and services and adhere to the principles of sustainable development;
- ▶ which have a positive image, good reputation and a track record of good ethical behaviour.

The national partners and sponsors must in no way be engaged, or perceived by the public as being engaged, in activities running counter to WOSM's and WAGGGS' principles, missions and visions.

You should not enter into a partnership with an entity:

- ▶ which does not respect internationally recognised standards of human rights, including the rights of the child;
- ▶ which is involved in the manufacture or sale of arms or ammunition;
- ▶ whose core business is the direct manufacture or sale of products widely recognised to be deleterious to health;
- ▶ which does not respect local or national laws and regulations of the countries where it operates and internationally accepted codes;
- ▶ which has major public controversies tied to its products, policies, activities or personnel;
- ▶ which are considered to be a significant risk to the Scout Movement's reputation and image.

Apart from Contingents' partners and sponsors the European Jamboree is also supported by its official partners, sponsors and service providers. These entities invest a significant amount of resources to help us in delivery of the event. For that reason, some regulations are incorporated to coordinate brand exposition on the Jamboree Site and in the Host City, on centrally procured advertisements, on the European Jamboree owned media (official social media channels, official website, FM radio, etc.) and on the press coverages.

If your contingent is about to work, or is working, with national partners and national sponsors, please consider the following proposals for them:

- ▶ Branded materials exposition or activities prepared together with a partner (or with materials delivered by the partner) on your National Tent in the European Harbour.
- ▶ Branded materials or advertisement in your Contingent's participant kit.
- ▶ Information about partner/sponsor with tag of the brand name and partner logo and/or photo on your Contingent Facebook Page / NSO Facebook Page (the same with Contingent or NSO Instagram or Twitter).
- ▶ Information about partner/sponsor with tag of the brand name and partner logo and/or photo on your Contingent website and/or NSO website.
- ▶ Photo coverage with, for example, the sponsors/partners branded equipment in use posted on social media.

Before you enter into a partnership we encourage you to consult your NSO/MO as specific rules of corporate partnerships may be established.

If your national partner/sponsor has any additional or specific expectations, please contact us at info@ej2020.org

A story behind the European Jamboree 2020 Official Logo

##

"Try and leave this world a little better than you found it"

Is it possible to link Robert Baden Powell's words with design?

Absolutely! ACT is a deed, an impact, an effect, work and service. A change. The theme of the European Jamboree stresses Baden Powell's call to leave the world a better place than we found it and translates it into a game. A game that both leaves space for discovering one's own ways of acting and strengthen joint work and togetherness, as our goal is common.

The symbolism of the visual identification of the European Jamboree is hidden between meanings and colours that are taken directly from pop culture: PlayStation controllers and forms abstractly associated with action, movement and passage of time. The logo is focused on the effect of our actions, as well as on the process of acting itself.

The logo leaves the possibility of individual interpretation by the audience. The form allows you to add new elements, to change the point of view, to transform.

Can we invite you, participants of the European Jamboree, to the game, where you can complete the idea of ACT by realizing and completing the Robert Baden Powell's call?

Michał Pośpiech,

designer and architect, Master of Art graduated on the Academy of Fine Art in Krakow. Laureate of the 3rd Prize in Electrolux Design Lab Paris 2014. Scout leader in Silesia Scout Region of ZHP.

Food

Participants food

At the Jamboree there will be markets similar to grocery stores where participants buy their food using provided pre-paid cards. At the very beginning of the Jamboree unit leaders will receive cards with budget sufficient to cover alimentation costs for the entire Jamboree. Number of supplies and the number of choices available in markets will be less than a regular grocery store. The market will carry food for breakfast, lunch and dinner. The unit leaders will visit the shop every day, and pick up enough supplies to last them for that day. This is to avoid shortage in the markets and waste in the subcamps, as well as due to the fact that it will not be possible to keep food cold in the subcamps.

The main idea with the shop is that the patrols/units will plan they own meals. We want all the participants to have a good food experience, so we will produce a cook book which will be handed out to the patrols. The cook book will contain proposals for all meals during the Jamboree.

Jamboree grocery stores will provide food for different dietary requirements based on medical, religious and cultural needs.

IST food

IST, CMT and Jamboree Planning Team will eat in the staff dining hall and have lunches that are portable and do not require cooking.

Healthcare & Medical Service

Organisation

The medical service at the Jamboree will be available 24 hours a day to assist with healthcare related incidents that cannot be handled at unit or contingent level.

The Jamboree fee covers on-site medical care in the case of illness (excluding pre-existing conditions) or accidents, including minor surgery or treatment, when necessary during the period of the Jamboree. This relates to medical services provided onsite, by the Jamboree Organisation. Medication and/or any costs related to external hospitalisation are not included in the fee.

Contingents should be aware of all pre-existing medical conditions of all members of the Contingent, including heart conditions, asthma, etc., and should note that costs for medical care for pre-existing conditions are not covered by the Jamboree fee.

The medical service at the European Jamboree will be based on three pillars: paramedic patrols, medical points and Jamboree clinic.

Paramedic patrols are the basic element of the Jamboree medical service. First Aid certified team members will patrol the camp site together with stewards. Their role is to provide quick assistance, get participant or adult to the nearest medical point or call in additional support.

The second pillar of the system is medical points deployed throughout the Jamboree site. These are the places where any participant should go with a health problem. Medical point staff will decide on taking care of them or about sending them to the Jamboree clinic (in this case they can also arrange the transport).

The last pillar is the Jamboree clinic which will be located on the outskirts of the camp. In the clinic, medical professionals will provide further diagnostics and treatment like the diagnosis of diseases, stitches, prescribing medicines or dressing wounds. The personnel of the clinic will decide if there is a need of hospitalisation, in case of which they will arrange the transport to one of the Jamboree reference hospitals. If it is medically recommended to sleep indoors instead of a tent, this will be possible at the Jamboree Clinic.

Professionally equipped emergency vehicles will be available onsite for medical transport.

The responsibility of the Contingent and Unit Leaders

All units are expected to bring a first aid kit and to treat all minor illnesses and injuries. Contingents

should ensure that IST members and Contingent Management Teams have access to basic medical supplies, either brought by themselves or provided by the Contingent.

Every member of the Contingent must have personal medical insurance to cover the cost of any unexpected medical expenses. Contingents are responsible for ensuring that all members of their Contingent have adequate medical insurance. Citizens of the European Union, European Economic Area and Switzerland should bring their European Health Insurance Card, which is valid in Poland.

Please note, that not having a valid European Health Insurance Card may result in the necessity to cover medical costs prior to the treatment and to apply for reimbursement after returning to your home country.

Medication

Participants that need medication must bring adequate supply as well as a backup supply. Pharmacy medications are not covered under the Jamboree fee and must be paid for onsite.

Vaccinations

Poland does not require any vaccination of international travellers, but the World Health Organisation (WHO) recommends travellers be protected from diphtheria, tetanus, measles, mumps, rubella and polio, regardless of their destination.

Unit equipment

Participants at the Jamboree will be supplied with a range of equipment. The equipment will be distributed to units and patrols at their subcamp on arrival.

Unit equipment will contain all necessary equipment for four patrols (36 participants and 4 adult leader) to cook their food. Every unit will also get a dining shelter to share so that they will have a natural meeting point in their camp, as well as other camping equipment such as tables and benches.

Please note that the unit kit does not include personal equipment such as plates, drinking cups, cutlery, sleeping bags or tents.

Full list of unit equipment will be presented in the further communication.

Safe from Harm & Codes of Conduct

Safe from Harm

Scouting and Guiding have taken the responsibility to provide children and young people with a safe environment to grow and develop. The relationship between young people and adults takes a key role.

Before the Jamboree there will be a mandatory online training course for all adults, including: IST, CMT, Adult Leaders and Jamboree Planning Team. The aim of the Safe from Harm course is to ensure that the European Jamboree is free from abuse or harassment. The goal is

for every adult to know how to react if they encounter abuse or the possibility of abuse. During the Jamboree, follow up face-to-face training on Safe from Harm will be a part of induction training for all IST members

Codes of Conduct

To make sure that the European Jamboree will be a safe and positive experience for everyone participating, two Codes of Conduct with relevant and useful set of guidelines will be introduced – one for youth participants and one for adults.

Special Needs

Scouting and Guiding contributes to building communities that recognise and value diversity and where there is a place for everyone - the Jamboree is no exception. At the European Jamboree, the programme offer will generally be open and accessible for all participating Scouts and Guides and facilities such as toilets and showers adapted for people with special needs will be available.

Any participants needing additional support of a full-time carer may be accompanied by a carer to the Jamboree (see chapter "Participation"). Carers (additional adult leaders) must be registered in the Marcato Registration System, with a description about why a carer is necessary for this participant. Carers shall pay the same registration fee as other adult leaders.

Visitors

There are three categories of visitors who may visit the European Jamboree: Special Guests, Contingent Guests and Day Visitors.

Special Guests

Each Contingent, in close coordination with the Jamboree organizers, may nominate a very limited number of Special Guests to the Jamboree. Those eligible for Special Guest status are heads of state, members of parliament, government ministers and ambassadors of Contingent home countries, prominent private citizens who help the NSO/MO build greater links between the community and Scouting and Guiding, as well as distinguished representatives from the cultural, educational or business communities.

Each Contingent wishing to nominate Special Guests will have to do it through a special form in Marcato. Please note that there is a limit to the number of Special Guests that can be accepted, so not all nominees may be able to participate as Special Guests. Therefore, in order to avoid any disappointments, please do not contact a proposed guest directly before receiving confirmation of acceptance from the European Jamboree Office.

Contingent Guests

Each Contingent may invite a limited number of prominent officials from their National Scout

Organization / Member Organization to visit their Contingent at the European Jamboree. In principle, officials of NSOs/MOs should be registered as Contingent Guests (not Special Guests). Please note that Contingents assume full responsibility for their invited Contingent Guests for the duration of their stay.

Each Contingent wishing to register Contingent Guests will have to do it through a special form in Marcato. Contingent Guests will be allowed to stay at the Jamboree for a limited number of days and their stay is charged extra.

Day Visitors

The European Jamboree will be open for Day Visitors from 29th July 2020 till 5th August 2020 from 10.00 am till 8.00 pm (20.00). Those wishing to visit the Jamboree will have to purchase a ticket. Tickets will be available both online and at the Amber Expo CheckIn Centre. The cost of the ticket is 20 PLN. The number of tickets sold per day will be limited to avoid overcrowding on any single day. The Day Visitor Office will provide the sightseeing tours for visiting guests. Please note that Day Visitors can visit the European Jamboree only during the above mentioned dates and times.

Contingent Receptions

During the European Jamboree, Contingents will be able to host receptions at the reception area in order to meet members of other Contingents and introduce their own culture in a welcoming atmosphere.

Contingents wishing to arrange a reception will have to do it through a special form in Marcato. Please note that there will be a limited number of reception areas and time slots, and bookings will be accepted on a first come, first served basis.

Charging Facilities

Charging facilities for electronic equipment will be available for participants, adult patrol leaders and IST, although please note that the number of charging points will be limited. We encourage you to limit the number of devices requiring charging that you bring to the Jamboree.

There are two associated plug types in Poland, types C and E. Poland operates on a 230V supply voltage and 50Hz.

Food Houses

International Food Houses are a wonderful opportunity for participants and IST to learn about other countries and cultures through their unique food. For Contingents it is an amazing opportunity to promote their country, national dishes and culinary traditions.

Food Houses usually serve many kinds of specialities like coffee, tea, soft drinks, meals and snacks. In addition, Jamboree Food Houses serve as a meeting place for participants and adults, showing the diversity and international dimension of Scouting and Guiding. Moreover, Food Houses might not only be a place to

eat but also might offer workshops and other activities you may choose to organise.

On 31st March 2019 we closed submission for Food House Expression of Interest forms and we are happy to announce that dozen Contingents applied to run their Food Houses! Currently the Food House Support Team is working with the interested Contingents and in the next bulletin we will present more details about the European Jamboree culinary adventure.

Services at the European Jamboree

Postal Service

A Jamboree Post Office will operate across the entire European Jamboree 2020 site. The main task of this service will be the distribution of mail: delivering and sending parcels – postcards, letters, packages and courier parcels. Participants will also be able to buy souvenir postcards, as well as envelopes and stamps. All shipments sent via post office will have an official Jamboree Post Office stamp which will make all mail a memorable souvenir.

Internet & Telephones

There is a good mobile reception and Wi-Fi will be available across the European Jamboree site.

Jamboree Tourist Office

The Jamboree Tourist Office has been established in order to provide information needed for groups of Scouts and Guides who wish to explore Poland before or after the European Jamboree 2020. In the case of any queries such as : ticket purchase, finding accommodation or tourist attractions, please contact us. The team will provide you with advice or direct you to the appropriate source of information. Contingents planning to extend their stay in Poland can contact us at: tourist-info@ej2020.org for help and advice.

Visa Information

Contingent Members who are not citizens of the Republic of Poland or citizens of one of the European Economic Area (EEA) countries may need entry clearance for Poland before they can attend the European Jamboree. You can check if your Scouts and Guides will need a visa for Poland and find the nearest suitable embassy for applications on the website of the Ministry for Foreign Affairs: https://www.msz.gov.pl/en/travel_to_poland/visa/visa

Applications for visas to Poland are made at Polish embassies. In places where Poland does not have an embassy, another country can represent Poland, and process an application and issue visas on Poland's behalf.

The Jamboree Planning Team is working closely with the Polish Ministry for Foreign Affairs in order to obtain visas for all of the Jamboree participants to enter Poland. Poland is a party to the Schengen Agreement. This means that visas issued for Poland apply to the entire Schengen area. For a complete list of countries included in the Schengen area and how the agreement affects your visa application process, please see the above mentioned website of the Ministry for Foreign Affairs. If you are travelling to other countries within Europe as a part of your Jamboree experience, make sure to check if you need to apply for another visa.

Insurance

The European Jamboree 2020 will obtain a cancellation insurance for the event, in case unforeseen events cause the cancellation of the European Jamboree 2020. The cancellation insurance does not cover costs such as travel, equipment, or pre and post Jamboree activities, which are external to the European Jamboree fee. It is therefore recommended that you obtain your own insurance protection for these elements. Contingents should also note that any event beyond the European Jamboree 2020 organisers control such as act of terrorism and natural disasters, are not covered by the insurance.

Should the European Jamboree 2020 be cancelled for any such reason, there will be no refund of fees paid. If you require more information about specific events excluded from the cancellation insurance, please contact the European Jamboree Office.

The European Jamboree 2020 fee will not be refunded should the event be cancelled after the 27th of July 2018, regardless of the reason.

It is recommended that you obtain appropriate insurance cover, such as a travel insurance for the period prior to arrival at the European Jamboree and until after the finish of the event, in addition to the medical insurance.

Children of Contingent Management Team members

As a response to requests from the Contingents, it has been decided that the European Jamboree organizers will allow Contingent Management Team members to bring their children to the Jamboree. The children must be younger than 13 years old on the day when the Jamboree starts (older ones might take part in the Jamboree as regular participants). The offer is made to Contingent Management Team members who have difficulties to otherwise arrange child care and the purpose of allowing children is of course to facilitate participation for such Contingent Management Team members.

If the child is over the age of three (and doesn't use diapers anymore), day care can be offered during certain hours of the day. Please note that the language

spoken at the day care will be Polish and English. Please note that the Jamboree organizers reserve the right to deny accepting a child in the day care if a child will have considerable adaptation difficulties.

Each Contingent Management Team should judge if they deem it necessary to bring children under these conditions.

A fee will be charged for children so participating:

- ▶ for children up to the age of 3 – free of charge;
- ▶ for children aged from 3 to 13 years old – 300 PLN.

Please note that this offer does not include children of IST members or unit leaders.

2.1. FEES

The categories of fees for the European Jamboree 2020 have been approved by the relevant bodies of the Europe Region WAGGS and European Scout Region WOSM. In order to encourage Scouts and Guides from as many countries as possible to participate in the European Jamboree 2020, and to demonstrate solidarity of our Movements, EJ2020 fees are allocated by category depending on country. This approach has been used for previous European joint events and is based on the Gross National Income per capita of each country. National Scout Organisations and Member Organisations can confirm their category with the European Jamboree 2020 Office.

The fee for participants, International Service Team (IST), and members of Contingent Management Teams (CMT) is as follows:

Category A	1 100 PLN
Category B	1 400 PLN
Category C	1 650 PLN
Category D	1 850 PLN
Category E	2 200 PLN
Overseas (Non-European NSOs/MOs)	1 850 PLN
IST & CMT	1 200 PLN
